

Danville Telecom is seeking a Multifunctional Outside Plant Technician.

Danville Mutual Telephone Company (Danville Telecom) is a 116 year old telecommunications company based in Danville, Iowa. Our Company was founded based upon values that place the customer first, and view people as our greatest strength. We have continued to grow utilizing the same basic values and remain committed to total customer satisfaction in everything we do.

Our Company: Danville Telecom provides telephone and internet services in the Danville Iowa exchange area. Additionally, we provide fiber optic internet and VOIP services in some areas of Burlington, West Burlington, Ft Madison, and Keokuk.

The Position: We're looking for a Multifunctional Outside Plant Technician.

Requirements: The Multifunctional Outside Plant Technician's primary responsibilities include but are not limited to; installation and repair of customer premise equipment, ability to troubleshoot network and equipment issues to ensure timely isolation and resolution of problems, and perform line-work/ground-work as necessary. Must demonstrate the ability to work well with others. May require overtime, including evenings, weekends and holidays.

- Installs, repairs, and maintains phone lines, DSL/Fiber circuits, broadband network equipment and customer owned equipment.
- Answers and responds to customer calls regarding service orders, trouble-tickets and general service information regarding internet and associated products
- Splices, terminates, and maintains cable, including fiber optic cable. Identifies, counts, and prepares groups of pairs for splicing.
- Assists record upkeep and corrections on mapping system information when discrepancies are discovered.
- Locates underground cable plant and utilities in support of construction, rebuilds and existing upgrades.
- Marks located utilities according to set standards. Responsible for interpreting system maps (paper and electronic) to accurately locate underground facilities.
