Pricing Schedules. A "pricing schedule" means a service price sheet or similar pricing schedule (including related attachments) or other document that is included in Part 4 of these Terms and Conditions or that is later executed by the parties and references these Terms and Conditions. A Pricing Schedule includes the services, the pricing (including discounts and commitments, if applicable), the pricing term (if applicable) and may contain or incorporate by reference other service specific terms and conditions.

Policies. A "policy" means a Company policy that applies in accordance with its terms to any service or service capability within its scope, as may be modified by the Company from time-to-time, including the following:

- The Company's **Privacy Policy**, which can be found at <https://danvilletelco.net>.
- The Company's **Acceptable Use Policy**, which is included or referenced in Part 3 of these Terms and Conditions and which can be found at <https://danvilletelco.net>.
- The Company's **Network Management Policy or Network Transparency Statement**, which is included or referenced in Part 3 of these Terms and Conditions and which can be found at <https://danvilletelco.net>.

Service Contracts. "Service Contracts" means service orders, service contracts, service level agreements, service-specific terms and conditions and similar documents signed by or provided to the customer containing specific descriptions, pricing and other terms and conditions for products, services or service components that are not covered by these Terms and Conditions or that are in addition to or different from these Terms and Conditions.

PRIORITY OF SERVICE PUBLICATIONS

The order of priority of the Company's Service Publications is:

- a. **For prices:** The applicable Pricing Schedule found at (a) the company's website, (b) the Price List in Part 4 of this service catalog; or (c) any service agreement signed by the customer;
- b. **For Terms and Conditions:** any applicable Service Contract, the Company's Policies and these Terms and Conditions; provided that for any regulated services a rule may be first in priority in any jurisdiction where the applicable law or regulation does not permit contract terms to take precedence over inconsistent terms and conditions.

If a conflict exists among provisions of the Company's Service Publications, such conflicts will be resolved in accordance with the preceding order of priority; provided that specific terms will control over general provisions and negotiated or added terms, conditions or pricing will control over standardized, published or non-negotiated terms, conditions and pricing.

CHANGES TO SERVICE PUBLICATIONS

Unless otherwise provided in your Service Publications, the Company may revise its Service Publications at any time. If the Company revises a Service Publication, the revision has a materially adverse impact on customer, and the Company does not implement revisions that remedy such materially adverse impact within 30 days after receipt of notice from customer, then customer may, as customer's sole remedy, elect to terminate the affected service or service components as provided in Part 1, Section 1.7.

1.1 APPLICATION OF TERMS

The General Terms and Conditions set forth in Part 1 of this Service Catalog apply to all products and services the Company provides customer pursuant to this Service Catalog and shall continue in effect so long as services are provided under this Service Catalog. To the extent applicable to any service, services are also subject to the service-specific terms and conditions set forth in other Parts of this Service Catalog.

destructive purposes or in any manner that causes interference with the Company's or another service subscriber's use of the Company-provided network.

If the Company determines the customer premise equipment and wiring is causing or is likely to cause interference or hazard to the network, the Company will take such action as it deems necessary for the protection of the Company's network. After notification by the Company of such interference or hazard, the customer shall discontinue such use and disconnect such premise equipment and wiring. If a customer is unable to travel to the Company's business office or other designated location to return the equipment, the customer may request pick-up. There may be a fee for pick-up, which customer will be informed of when pick-up service is requested, and which will be payable at time of pick-up.
